Chacco Blue Boy

2006 16.2h
Imported Oldenburger
Dark Bay Gelding
\$40,000

This incredible young gelding was bred to jump! His sire is Chacco Blue whose pedigree boasts the likes of Caletto I, Cor de la Bryere and Calypso II. His dam is by Landadel, and her great grandsires were Ladykiller, Lord and Furioso II.

Chacco Blue Boy was born in north Germany and is out of a mare owned by Plum Creek Hollow. He was brought to Colorado in the spring of 2009 and turned out in our big pastures until early fall (2009). When we brought him in and started to work with him, we realized that we had something special. He was phenomenal in the jumping chute!

This horse can jump and he is a fabulous big mover. He was started under saddle in late September and is definitely an exciting jumper prospect. As with all our young horses, Natascha starts them slowly and carefully and gives them good solid basics and lots of confidence.

We are certain that with Chacco Blue Boy we have a very nice jumper prospect to show anyone who is looking for a top quality young horse to bring up through the ranks and aim for the top.

Come see this one.
