## Golden Girl

2003 16.1h  
Imported Oldenburg  
Chestnut Mare  
Sold to Greenwood Village, CO

This lovely mare will fit the bill as an amateur's dressage horse or amateur hunter. She was well started in Germany with dressage basics and is a lovely mover.

Golden Girl showed this year successfully in the Pre-Green Hunters. She shows a lot of potential and could easily move up to 3'6 or even 3'9 in the hunter classes. She has a great presence in the ring and everyone loves her expression.

Golden Girl makes everything look easy.

And if you like to go hacking with friends or ride in your neighborhood, that's fine with her too.

Golden Girl is easy to get along with and not marish, and no vices.

She's had two exquisite foals which have been imported to Plum Creek Hollow.
