Black & White Gelding

\$14,000

Jiggs has just the right amount of black and white (50/50) and the typical leg feathering of his Gypsy Tinker heritage.

We bought him in Ireland where he was hunted regularly by a young boy. He is great to trail ride, a willing jumper up to 3' 6" and would be an all around fun horse for anyone from an older child to an adult.

Jiggs crosses water, jumps anything and doesn't spook on trail rides.

Jiggs would suit many types of riders—think trail rides, hunting, pony club, husband or guest horse. He is a sturdy horse, up to carrying weight and has also been driven.

This fun gelding has been schooled by Natascha over the summer. He is easy to ride, steady and quite the eye-catcher.
