Jiggs

2001 15h

Imported Irish

Black & White Gelding

Sold

Shanbally Jigsaw is a fun Irish import who is game to do whatever you want to do. We purchased him from a foxhunting Irish family where Jigs was the steady mount of the youngest son of the family

Jiggs has a wonderful character. He is comfortable to ride and would be suitable for any rider from advanced beginner to seasonal rider. He is quiet to hack out either in company or by himself and would be ideal as a pony club mount, guest horse, "husband horse", or all around horse to just have fun with.

He is a willing jumper and is comfortable jumping up to 3'3" - walls, logs, coops - anything is fine with him. And as you can see from his video, water is no problem for him.

Come see this kind, colorful and versatile horse.
