## Winston

2006 16.1h  
American Bred Oldenburg  
Bay Gelding  
\$16,000

Winston is by Wendesohn, an Oldenburg stallion who stood at Plum Creek Hollow for several years. Wendesohn was a talented eventer who was equally good at dressage and bold at challenging cross country fences. Winston's dam is Lisbon, who you can view on this website.

Winston was lightly started in the early summer (2009). He is a nice mover and very good in the jumping chute.

He and the other three year olds are in light training under saddle and looking really good at the walk, trot and canter.

Winston is very personable, easy to handle, easy to ride and enjoying his work. He looks like a promising hunter or event prospect.

He is being brought along slowly and carefully and has a great confident attitude. He was started right and is ready for someone to take over now.
